In Beloved Memory of

Late Sri Sri 1008 Baba Batuk Nath Ji (Founder - Gurukul Academy)

Baba Batuk Nath Ji was an extra-ordinary person, having perfect combination of spiritual and moral values and progressive thinking. He was very emotional with a soft heart and immense love for children. Baba Ji believed that every child should be given good education and moral values, which are basic fundamentals for each child to attain great success in future. Thus he always wished to build a school where all his dreams could be fulfilled.

Being able to overcome his long awaited desire of opening an educational institution, Baba Ji founded Gurukul Academy in the year 2001.

With Baba Ji's imperishable blessings, Gurukul family has joined hands to take his dreams along the path of his vision to attain utmost height.

About The Founder

Gurukul Academy was founded by Shri Baba Batuk Nathji and is managed by an Educational Society which was headed by him. Baba Batuk Nath Ji had the privilege of being educated in the country's finest public schools- Welham Boys School and later, the Doon School, Dehradun.

After graduating with English Honours from Delhi University, he had been heading a number of charitable trusts.

Gurukul Academy is the result of his long time vision to Set up a world class academic institution, combining the best of Public School Education with our rich heritage and culture.

Where Every Child is a Future Pillar of Modern Society

Prominently located in Lucknow, Gurukul Academy is perfectly placed to provide complete quality education to children.

Its sprawling 80,000 sq. ft. campus is well-equipped to foster all-round personality development of students. Though the school follows the latest English-medium education pattern with digital classrooms, great care is taken to make children aware of the rich value system of our country so that they contribute positively towards its growth.

With the strong belief that every child is gifted with special talent (s), Gurukul Academy aims at tapping these and developing them fully.

The school allows the personality of each child to bloom in a serene, stress-free and clean environment with ample extra-curricular activities and constant guidance by its qualified, experienced and motivated staff.

The Founder's Words of Wisdom

A Student means 'Vidyarthi' in Hindi. 'Vidyarthi' comprises two words, 'Vidya and Arthi', meaning a person desirous of knowledge. A student is a person who along with his physical and mental growth, develops inherent confidence in himself.

Students are national treasure. The future of the nation lies in the present generation. It is important that a student develops a strong value system based on empowering beliefs. The focus of an ideal students on educating himself in totality. He should be receptive and learn not only from books but also from life's experience, A Sanskrit 'Shlok' defines the characteristics of an ideal student.

काक चेष्टा, वको ध्यानं, श्वान निद्रा तथैव च ।
अल्पहारी, गृहृत्यगी, विद्यार्थी पंचलक्षणम् ॥

This means that a student should be as alert as a crow, have concentration like a heron, should sleep like a dog, eat less than his appetite and refrain from indulging in comforts of his house.

To be a true student, one should be humble, curious, disciplined, dedicated and should have the ability to extend himself for helping others. He should be simple and realize the importance of empowering

thoughts. The great scholar Chanakya has said –

सुखार्थिनाः कुतो विद्या, विद्यार्थिनाः कुतो सुखम् ?
सुखार्थी व त्यजेत् विद्याम्, विद्यार्थी व त्यजेत् सुखम् ॥

This means that a student desirous of comforts will not be able to pursue the disciplined path of education and if dedicated to pursuing education will not have time for comforts.

A student has to deeply understand the value of time. Each and every moment is important for growth and should not be wasted. His dedication and hard work should move beyond jealousy, into an environment of healthy competition. He should derive a sense of satisfaction by helping anyone who needs help.

Discipline plays a very vital role in the development of a student. A disciplined attitude leads to self control. This helps in focusing his energies on the desired goal.

It is important to understand the difference between literacy and education. A student has to be a student of life and learn from experience that life offers him. This receptivity will lead to acquiring wisdom along with knowledge.

MESSAGE...

Shri Baba
Rudra Nath Ji

Vidyarthi means student in hindi, which comprises of two words- "*Vidya*" + "*Arthi*" which means 'Seeker of Knowledge'. Education is not restricted to books alone. It extends to the daily experiences we encounter and the teachings we imbibe from them. How we perceive the experiences will help us shape as individuals.

At Gurukul we not only work towards **academic excellence** but also on **values, balance, self discipline** and **self confidence**. We believe that a good student is one who is able to learn from every experience and obstacle that is put before them in life.

We develop individuals who respect themselves and contribute positively to their surroundings .We need the cooperation of the parents to create individuals who pursue excellence and alongside are happy content souls. As we can only contribute from what we have. School and home go hand in hand to shape the future of the child

*President
Bhootnath Trust*

MESSAGE...

Mrs. Anupama Garg

Knowledge is the power and learning is a lifelong process. We must continue to reflect and continue to motivate ourselves to learn. We at Gurukul work towards moulding our students not just to attain good grades but to realize that each one of them **makes a difference to the society**. A child does not need to be a genius to perform well in school; its **curiosity to know, determination, hard work and discipline**.

At whichever stage in life we are , it is important to understand that we do not get what we wish for, **we get what we work for**. Every skill is a result of hard work and there are no short cuts to any worthy goal. As quoted by Anatole Franc **“To accomplish great things, we must not only act, but also dream, not only plan, but also believe.”** We work towards building children who believe in themselves and understand that they are unique.

*Vice President
Bhootnath Trust*

About The Principal

Mrs. Kalpana Singh has over **thirty five** years of valuable experience in academics, including almost ten years as the Principal of a leading school of Lucknow, and **twenty years** as the Founder Principal of Gurukul Academy.

After completing her schooling from La Martiniere Girls, Lucknow, she did her post graduation in English literature and B.Ed before embarking upon a distinguished teaching career.

Under her able leadership as the Principal of City Montessori School (Mahanagar, New Building), the school achieved excellent ICSE and ISC results for which she was awarded the prestigious '**Sansthan Bhushan**' award in 1996 by the former Governor of Uttar Pradesh, His Excellency late **Shri Moti Lal Vohra**.

Being the **Founder Principal** of Gurukul Academy **Mrs. Singh** has ensured that not only in academics but the school is also recognized in every field.

Gurukul Academy given excellent results in academics and also ensures that students grow up with a strong value system and self-discipline. It is because of this that the school is rated amongst **top ten schools** of Lucknow.

Key Features:

- Education through latest techniques with interactive smart classes.
- Adequate stress on Indian values, tradition, culture and art.
- Special emphasis on developing the talent (s) of each child through various co-curricular activities.
- Enhancing competitive spirit by providing opportunities to participate in all inter-school events.
- Practical learning in a peaceful, open and clean environment, congenial for stress free learning.
- Physical and mental development through various games, yoga, meditation, swimming.
- Instilling a strong value system in the child with focus on character building and discipline, through special Assembly activities such as *Mantra ucharan* and *Meditation*.
- Qualified, experienced and dedicated staff, well-trained to treat children with necessary individual care and understanding.
